Your movie can consist of both photos, slides, negatives and digital photos, if you have any queries about this, please contact us.

Digital Photos

Please ensure your digital photos are saved as JPEG image files and are in the sequence you require. Please enter details in 'other information' if you would like any photos to be used more than once.

We can accept a memory card, memory stick or a CD.

Photographs

Please package your photographs in the sequence you require in your movie, alternatively, number the back of the photo in pencil (use more than one number if you would like to use the photograph more than once.)

Please remove photographs from frames and photo albums before posting.

Slides and Negatives

Please package in order of sequence, the right way up with right side facing.

If slides are cardboard mounted, please number. Please take note of the number of negatives required on the outside of the strip if necessary and enter in Other Information.

Your Choice of Music

As a rough guide, 15-20 photos to one track of music.

Please enclose your CD containing your chosen music, ensure you have chosen enough tracks to cover your number of photos.

If you are unable to supply your chosen tracks, please list your preferences here. We will do our best to purchase them on your behalf (see terms and conditions)

Artist	Title

Your chosen DVD title	

Scrolling text for a wedding movie, please give details

Names	
Date	
Place	
Bridesmaids	
Best Man	

Special effects/transitions between photos, please choose

Subtle fade in/out

More dramatic effects

Would you like us to crop, edit and enhance our copy of your photo to further enhance your DVD?
(Your original photo will be returned to you untouched)
